

**THE UNIVERSITY OF MICHIGAN
REGENTS COMMUNICATION**

SUBJECT: Approval to Establish New Academic Departments, UM-Dearborn
ACTION REQUESTED: Split Current Department into Two New Academic Departments
EFFECTIVE DATE: July 1, 2024

The dean and the Executive Committee of the University of Michigan-Dearborn College of Business, with the support of the provost and executive vice chancellor for academic affairs, request the approval to establish the Department of Management and Marketing and the Department of Information and Operations Management (formerly the combined Department of Management Studies).

This request stems from a series of departmental conversations and thoughtful deliberations. Splitting the current Department of Management Studies into the two new departments better reflects the teaching, research, and service being completed by faculty and will better organize and serve the administrative needs of the respective departments, as well as the college.

The dean and the Executive Committee of the University of Michigan-Dearborn College of Business respectfully request that the Regents endorse this request to establish the Department of Management and Marketing and the Department of Information and Operations Management, effective July 1, 2024.

Respectfully submitted,

Frederic Brunel, Dean
College of Business
