ACTION REQUEST

Subject: Report of Faculty Retirement

Action Requested: Adoption of Retirement Memoir

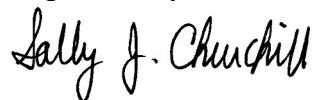

Gregory M. Hulbert, Ph.D., professor of mechanical engineering in the College of Engineering, retired from active faculty status on June 30, 2023.

Professor Hulbert received his B.S. degree in mechanical engineering (1978) from the Virginia Polytechnic Institute and State University. He then earned his M.S. degree (1979) in mechanical engineering from the University of Wisconsin-Madison and his Ph.D. degree (1989) in mechanical engineering from Stanford University. He joined the University of Michigan faculty in 1989 as an assistant professor of mechanical engineering and applied mechanics. He was promoted to associate professor, with tenure, in 1995 and to professor in 2002. He has served as the associate chair (2003-06) and as the undergraduate program director (2002-06) of the University of Michigan's Department of Mechanical Engineering.

Professor Hulbert's expertise is in computational mechanics, finite element methods, structural dynamics, flexible multibody dynamics, dynamic response of composites, vehicle dynamics, and engineering mechanics education. He is a fellow of ASME and of the International Association of Computational Mechanics. He has received the Tau Beta Pi Faculty Teaching Award (1991-92), the University of Michigan's Transportation Research Institute Best Publication Award (2003), and the College of Engineering's van Eenam Teaching Award (2009). He has published over 70 articles in journals, written seven book chapters, and authored or co-authored eight books.

The Regents now salute this distinguished faculty member by naming **Gregory M. Hulbert, professor emeritus of mechanical engineering**.

Requested by:

Sally J. Churchill, J.D.
Vice President and Secretary of the University

June 2023
