**Research and Other Sponsored Activities**  
**July 1, 2005 though August 31, 2005**

The awards detailed in this list were processed from July 1, 2005 through August 31, 2005. The dollar values depict the best available estimate of the funding the University should receive over the life of the award. These values may be modified, as additional data become available relative to future funding prospects. These modifications are not reported in the attached list. As a result, the dollar values of awards presented in this list will differ from the year-end totals. The full amount of an award is recorded in the year in which it was received. Often these funds are expended over several years, making comparisons between awards and expenditures somewhat misleading. Research expenditures are presented here to provide a trend line for the current fiscal year.

The soft beginning in FY 2006 when compared with FY 2005 is caused by a \$40.0 million award processed in FY 2005. No such large award has yet been processed in FY 2006. If this large award were eliminated from the FY 2005 count, FY 2006 award values would be up 18.3% when compared with the previous fiscal year.
