ACTION REQUEST

Subject: Residency Classification Guidelines

Action Requested: Amendment to Residency Classification Guidelines

We propose a revision to the Residency Classification Guidelines to expand the military waiver provision (*Section D. Special provision for active duty military personnel assigned to Michigan*). This revision would grant a waiver of out-of-state tuition to regular active duty personnel who are living in Michigan regardless of the location of their military assignment. The waiver would also be given to the dependent of such a person, even if the dependent's parent moves out of state, as long as the dependent is at least a junior in high school when the parent moves, and the dependent remains enrolled full time in a high school or an institute of higher education. Spouses of such active duty military personnel would likewise receive the waiver of out-of-state tuition.

The proposed amendment is attached. If approved, this amendment would become effective with Fall 2007 residency applications.

Respectfully submitted,

Teresa A. Sullivan  
Provost and Executive Vice President for Academic Affairs
