

THE UNIVERSITY OF MICHIGAN
REGENTS COMMUNICATION

REQUEST FOR ACTION

Subject: Regental Action Under the State of Michigan Conflict of Interest Statute

Action Requested: Authorize Execution of Investment Agreements Under the MINTS Program for Movellus Circuits, Inc.

Background

In December 2011, the Board of Regents approved guidelines for the MINTS ("Michigan Investment in New Technology Startup") program.

The proposed investment agreements (the "Agreements") fall under the State of Michigan Conflict of Interest Statute because the listed Interested Individual is both an employee of the University and has a sufficient pecuniary interest in the Agreements as partial owner of the company and member of the Board of Directors. The law permits such an agreement provided it is disclosed to the executive officers and approved in advance by a 2/3 vote of the Board of Regents.

The parties to the Agreements include the University and the entity listed below. The University will receive an equity interest in the entity in return for its investment(s).

No use of University services or facilities, nor any assignment of University employees, is obligated or contemplated under the Agreements. Agreements standard for venture capital investing will be executed.

The Investment Office is seeking approval for financing agreements up to a total of \$2.5 million in potential investments (through one or more rounds of financing) under MINTS for the following startup:

- **Movellus Circuits, Inc.**, founded in 2014, and headquartered in Ann Arbor, MI, offers analog solutions with the flexibility of complete digital designs. The company's mixed-signal semiconductors provide software solutions to optimize system-on-chips (SoCs) resulting in faster time to market, lower power consumption and lower overall cost, enabling clients to improve performance and alleviate non-idealities in designs.

Interested Individual:

David D. Wentzloff, Ph.D.

Department of Electrical Engineering and Computer Science: Associate Professor

We believe state law requirements have been met with the disclosure of the interest and formal appointment arrangements with the University of Michigan.

We recommend that the Board of Regents authorize execution of agreements between the University of Michigan and Movellus Circuits, Inc., as set forth above.

Respectfully submitted,

Kevin P. Hegarty
Executive Vice President and
Chief Financial Officer

October 2017
